WHERE IN 1969?

Since the Annual Meeting at Longboat Key last year a few of the members have been thinking of a better way to pick the site of the Annual Meetings. It was felt that in some way the members who were not able to attend the meeting should have something to say about where the next meeting should be held.

Absentee ballots don't seem to be the answer. The members in attendance at a meeting often bring up points that would change the picture completely. So those who don't know about these points can't really cast an intelligent ballot.

Therefore, it would seem that the best plan would be to list the possibilities from the locations along with prices and ask the members to send in a straw vote. It would be expected that if a member had no intention of attending the Annual Meeting he would not send in a ballot. Nor would there be any reason to believe that just because a ballot was sent in the member could not change his mind. The results of the straw vote would be a guide and furnish information for the members assembled at an Annual Membership Meeting to pick a site suitable to the largest number of our members.

If you will detach the coupon, check your first and second choice, or add a different location, and then mail it to the Executive Secretary, it will be a big help to the members in picking the 1969 meeting site.

You will note there is no place to sign your name. You may do so if you wish, but it is not required.

Please help us.

Here are the details of the five choices listed on the straw ballot:

At a recent golf tournament, the club secretary caught one duffer driving off in front of the teeing mark, "Here" he shouted, "you can't do that. You're disqualified!" "What for?" demanded the golfer. "You are driving off in front of the mark." The player replied disgustedly, "Don't worry, I'm playing my fifth stroke."
